Payments may be denominated in UK Pounds Sterling, US Dollars, Euros, or any other Currency agreed in advance with us”.</i></p>
条款及条件	<p>现有的条款将被以下内容取代:</p> <p>Schedule 2, section 2.2.2 (page 46):</p> <p><i>“If the circumstance arises that the Margin on your account falls below 120% (one hundred and twenty percent) of the account equity you will receive a warning notification in your IX Securities Trading Platform. At this point you should consider either closing positions or sending in additional funds to cover your positions. If you do fail to meet the Margin requirements and your account equity falls below 100% (one hundred percent) of your required Margin, IX Securities has the discretion to automatically close your largest open positions (referred to as “Stop-Out”) at Market price until your equity is above the 100% (one hundred percent) minimum. This is a risk-mitigating mechanism employed by IX Securities to attempt to stop your account from falling into a negative balance. However please note we do not guarantee that your account will not fall into a negative balance, particularly in adverse Market conditions.”</i></p>
